

PSC TRAP LEAGUE RULES

2023

The following are the rules that shall govern the operation of the Panorama Sportsman's Club (PSC) Trap League for the year 2023.

1. Eligibility:

- A. Competition in the PSC Trap League is open to all members of the Panorama Sportsman's Club and their immediate families.
 - 1) Immediate family is defined as spouse/domestic partner and children age 26 and under.
 - 2) Children above the age of 27 are required to become full club members.
- B. Members who do not wish to compete, but who would like to fill the open positions on a squad, will be allowed to participate at the discretion of the League Manager but shall not be eligible for prizes.
- C. Non-members may participate, at the discretion of the League Manager, to fill open positions on the squad but shall not be eligible for prizes.
- D. Priorities shall be given to all competitors for squading and shoot positions as determined by the League Manager.
- E. Prospective members may participate in the league, but are not eligible for monthly prizes until they are voted into the club. Once membership is established, all previous scores will count for annual prizes.
- F. The League Manager makes the final decision on shooters eligibility.

2. Shoot Days and League Start:

- A. Saturday morning of the PSC weekend (3rd full weekend of the month).
- B. The first squad of the Singles event will begin shooting no later than 9:00 AM. In the summer months, to avoid the heat, start time may be adjusted to no earlier than 8:00 AM.
- C. All sign-ups must be made prior to 10:30 AM; this deadline may be extended at the League Manager's discretion.
 - i. This allows competitors to help with Cowboy setup or other range events and still participate in the League.
- D. The league shall begin in January and continue each successive month for a total of 9 events. League is held rain or shine, but may be cancelled due to extreme weather or equipment failure.
- E. In the event the League event is cancelled after the first squad has shot, any scores recorded prior to cancellation will remain as valid scores towards the yearly total and monthly prizes will be awarded based on rounds shot.

PSC TRAP LEAGUE RULES

2023

- F. Nominally, the League shall end with the final event in September. October is reserved as a makeup month in the event that weather or other circumstances force the cancellation of a normal League weekend.

3. Number of Shoots in the League:

- A. There shall be a total of **9** League weekends.
- B. A total of **10** shoots are allowed
- i. If a shooter has completed all 8 events (including pre-shoots and make-ups) an extra bonus round can be shot (at normal league cost) during the 8th League weekend, nominally August.
- C. Each competitor shall be required to complete **6** shoots to be eligible for the year-end prizes.

4. Targets and Event Rules:

- A. The number and throw of the targets vary per event. There are two events held at each monthly competition. Participation in each event is optional; competitors are only eligible for prizes in events in which they compete.
- i. Singles:
 - a. 25 targets shot from the 16 yard line
 - b. 25 targets shot from the 21 yard line
 - ii. Doubles:
 - a. 25 pairs of targets shot from the 16 yard line
- B. Singles begin at 9:00AM or earlier (see Section 2.B.) after the completion of any practice round in progress.
- C. The Doubles event follows the completion of the Singles event, including any shoot-offs.
- D. The puller/score keeper shall make the final determination of a hit or missed target. It is up to the squad leader (first shooter of each squad) to resolve any scoring discrepancies of the previously shot post position prior to shooting the next post position. Only squad member input shall be considered for resolution.
- E. Whenever each event begins, the swing and elevation of the target presentation shall not be adjusted or modified during that event unless catastrophic failure occurs.
- i. Per ATA rules, the squad leader may ask for, and receive, an elevation adjustment if weather conditions change considerably during the day.
- F. Each shooter is allowed up to two failures to fire (FTF) violations per round. A failure to fire can be caused by gun malfunction, ammunition malfunction or shooter error. The third FTF in any round is automatically scored as a loss.
- G. Once an event is completed, and the trap machine is changed for the next event, the previous event shall be deemed completed and shall not be repeated for that month. This ensures that all competitors see the same target conditions and presentation for that event.

PSC TRAP LEAGUE RULES

2023

- H. The League Manager retains the authority to mitigate any disputes that result from any challenges that is satisfactory to all event competitors.
- I. ATA Rules shall apply to all circumstances not addressed in these specific rules.

5. Pre-Shoots and Make-Up Shoots:

- A. It is understood that it may not be possible to complete the shoots as scheduled due to personal priorities and extenuating circumstances which will cause absences. If and when these occur, with the permission of the League Manager, pre-shoots and make-ups can be accomplished with the following restrictions:
 - i. Only two (2) make-ups can be accomplished in each month in addition to the regular shoot. This rule ensures competitors are scored based on target conditions throughout the year.
 - ii. Any number of pre-shoots are allowed in a given month, but the monthly league shoot must be shot first.
 - iii. The League shoot shall precede pre-shoots and make-ups. The League shoot must be accomplished to qualify for pre-shoots and make-ups. If a shooter has pre-shot for a given month, and then attends that month shoot, the pre-shot score counts as shooting the League shoot for purposes of qualifying for make-ups and pre-shoots, though is not eligible for monthly prizes.
 - iv. Pre-shoots and make-ups are not eligible for any monthly prizes.
 - v. Pre-shoots and make-ups are allowed in the first 8 monthly League competitions. No make-ups shall be conducted on the final day of shooting.
 - vi. All make-up scores shall be back-filled on the master score sheet to the earliest vacancies noted.
- B. Additional Pre-Shoot Restrictions:
 - i. All pre-shoots shall be declared for which future month(s) the score will be applied prior to the commencement of that shoot and shall be documented on the score sheet. If the month for which the pre-shoot score is not assigned or agreed to, prior to the commencement of shooting, that score shall be rendered invalid and shall not be counted.
 - ii. Shooters that have completed a pre-shoot for the eighth month are eligible to shoot the bonus shoot if so desired.
 - iii. Ineligible shooters shall be allowed to fill open positions on short squads as a non-competitor and any scores noted shall not be counted.

6. Bonus Shoot:

- A. Bonus shoots are held on the 8th League weekend (nominally August).

PSC TRAP LEAGUE RULES

2023

- B. A competitor must have completed all League shoots, including pre-shoots and make-ups, to be eligible to for a bonus shoot.
- C. Bonus shoots are available for the Singles Event only.
- D. Bonus Shoot Restrictions:
 - i. The League shoot shall precede a bonus shoot (if required).
 - ii. Bonus shoots are not eligible for monthly prizes.
 - iii. If a pre-shoot has been recorded for the 8th month, and a competitor is present, a bonus shoot is allowed if all other requirements have been met.

7. Practice:

- A. The trap field will be staged and ready for shooting by 7:45AM on League mornings.
- B. Prior to the commencement of the Singles event, practice rounds are allowed to be shot.
- C. League sign-up and side-pot/purse participation must be done prior to shooting practice.

8. Fees:

- A. The appropriate mandatory fees shall be collected from each competitor prior to participation in the following events:
 - i. Singles \$25.00
 - ii. Doubles \$15.00
- B. Pre-shoot and make-up fees for each event shall be as follows:
 - i. Singles \$25.00
 - ii. Doubles \$15.00
- C. Non-competitor fees for each event shall be as follows:
 - i. Singles \$10.00 for full event or \$5.00 per round
 - ii. Doubles \$10.00
- D. Bonus Shoot fees:
 - i. Singles \$25.00
- E. Pre-League Practice fees:
 - i. Singles \$5.00 per round (either 16 or 21 yards)
 - ii. Doubles \$10.00 (time permitting)
- F. Competitors in the singles event may also participate in a side-pot/purse as a part of the monthly prize. If participation is elected, an additional fee of \$3.00 shall be collected at the time the event fees are collected.
 - i. Participation in the side-pot must be declared and paid before any shooting by a competitor (practice or league).

PSC TRAP LEAGUE RULES

2023

- ii. Participation in the side-pot is voluntary.
 - iii. Pre-shoots and make-ups are not eligible for side-pot/purse participation.
- G. Once a shooter starts the event (takes the first shot), the monies collected are non-refundable except at the discretion of the League Manager.

9. Scores:

- A. Monthly scores for each event shall be tallied on the master score sheet. A scoreboard will be maintained to allow shooters to review their scores and for general entertainment. To reduce the chance of un-sportsman like conduct, the monthly classes will be based on the high gun score for the month, adjusted by a random die roll. The following chart shows the class breakdown for high scores from 45 to 50, if the high gun is lower than 45, an expanded chart is available for use.

High Score	50	49	48	47	46	45
AA	45 - 50	45 - 49	44 - 48	43 - 47	42 - 46	42 - 45
A	40 - 44	40 - 44	39 - 43	38 - 42	38 - 41	38 - 41
B	35 - 39	35 - 39	34 - 38	34 - 37	34 - 37	34 - 37
C	30 - 34	30 - 34	30 - 33	30 - 33	30 - 33	30 - 33

- B. Total league scores are determined by combining the best 6 of the total monthly scores tallied on the master score sheet. After the minimum number of scores is posted, the next better score shall replace the lowest score posted.
- C. Overall class winners are determined by total score. The class ranges for the year end awards will be calculated on a statistical basis assuming a Gaussian distribution (bell curve). The mean score will be considered the top of B Class with the range of B Class one standard deviation below the average and A Class one standard deviation above the average. C Class is everything below B Class and AA Class is everything above A Class.
- D. Doubles scores for monthly and final overall have only High Gun class.
- E. The current score sheet will be posted on-line for competitors review as soon as possible after the completion of each League weekend.
- i. The official score sheet is maintained at:
http://www.thecushings.com/Trap_League.html

PSC TRAP LEAGUE RULES

2023

10. Monthly Prizes:

- A. An encapsulated American Silver Eagle coin is available as a trophy for the winner of each class (C through AA) of shooters in the singles event with the following qualifications:
- i. Class winners shall be determined in accordance with Section 9.A. The highest score in each class shall win the coin.
 - ii. In case of a tie score for any class, a shoot-off shall be conducted to determine the coin winner using the following process:
 - a. If there are less than 5 shooters in the shoot-off, the first shooter starts on Post 2.
 - b. Shoot-offs for multiple classes can be combined into a single squad.
 - c. The squad order is determined first by class, then in the order in which the shooters qualified.
 - d. Shoot-off procedure:
 1. Two targets shall be shot from each position at both 16 yards and 21 yards for a total of 20 targets. High score wins.
 2. If the score is still tied, the shooters shall move back to the 24-yard position and shoot one shot at each station. High score wins.
 3. If score is still tied, shooters move back to the 27-yard line and shoot one shot from each station in a sudden death format. Both shooters shoot the same station. First loss is eliminated however both shooters must complete a position. Example: Both shooters make first shots. If first shooter misses second shot, second shooter must make second shot to win.
 - iii. In addition to coins, the side-pot/purse total monies shall be divided equally by the number of classes and awarded to the top scorer in each class that participated in the side-pot/purse.
 - a. In the event that there are no winners in a particular class, the monies for that class shall be re-divided up amongst the remaining eligible classes.
 - b. If there is a tie for the side-pot/purse winner, a shoot-off shall decide the winner.
- B. There is currently no monthly prize for Doubles.

11. Annual End of League Prizes

- A. End of League prizes are provided for the following categories:
- i. Singles
 - a. High Overall (League) Champion

PSC TRAP LEAGUE RULES

2023

- b. AA Class Champion
 - c. A Class Champion
 - d. B Class Champion
 - e. C Class Champion
 - f. High Junior
 - g. High Lady
 - h. High 25
- ii. Doubles
 - a. High Overall Champion
- B. There shall be at least two (2) competitors in the High Junior and High Lady classes for an End of League prize to be available. If there is only one (1) competitor in these classes at the end of the League, then no prize shall be awarded.
- C. All End of League class champion awards are determined by past wins.
 - i. Class winners who are winning a class for the first time can opt to receive a trophy belt buckle, repeat winners will receive a 5 oz. bar of silver.
 - ii. Once awards are chosen, individual winner may choose to upgrade their buckle at the winner's expense.
 - iii. In lieu of a trophy buckle, the class winner may opt for a 5 oz. silver bar.
- D. The second place finisher in the four classes (AA, A, B and C) shall be awarded a 2 oz. silver round or equivalent.
- E. The High 25 award is for the shooter that achieves the most 25 straight scores at either 16 or 21 yards.
 - i. The High 25 award will be a 2 oz. silver bar, or equivalent, and the League Manager's discretion.
- F. Only one (1) End of League prize per event can be claimed.
 - i. Singles class winners are eligible to win the Doubles event prize if they choose.
 - ii. Any event winner may also win the High 25 award.
 - iii. If the High Lady or High Junior also qualifies for a higher class category prize, that prize may be claimed, however only one prize can be claimed. Example: If the High Lady/Junior qualifies for "B" Class Champion, and elects to accept "B" Class Champion, then the High Lady/Junior prize is forfeited. If the High Lady/Junior elects to accept that prize, then the "B" Class Champion becomes available to another shooter.
- G. Participants who have not completed the required number of shoots in each event for the year shall not be eligible for any prize consideration.
- H. In the event of a tie for any of the year end prizes, a shoot-off will determine the winner.

PSC TRAP LEAGUE RULES

2023

12. Event Descriptions

A. Singles

- i. This event must be shot 5 shots at each post from 16 yards with each shooter in order shooting at one target until all have shot 5 times, and then rotating in a clockwise manner to the next post. After all shooters have shot at 25 targets, the voice control speakers are moved to the 21-yard position and the current squad will prepare for a second round at 21 yards. When called to the line, the squad maintains the same order shoots 25 targets at 21 yards in the same manner as the 16-yard round.
- ii. When the final shooter has shot 25 targets, the firing line is secure and the score sheet is submitted to the League Manager for verification and recording.

B. Doubles

- i. This event must be shot from 16 yards, with each shooter in order shooting a two (2) targets thrown simultaneously from the trap house until all have shot the specified number of times, then rotating in a clockwise manner to the next post.
- ii. Each Doubles event consists of 25 pairs of targets, shot 5 pairs per station.
- iii. When the final shooter has shot the final pair, the firing line is secured and the score sheet is submitted to the League Manager for verification and recording.

13. Etiquette

As we work to improve our league, and to make the experience enjoyable for everyone, essential rules of etiquette are required. The following guidelines are not comprehensive, but set a standard to ensure squads move with the appropriate flow, and shooters are free from unnecessary distractions.

- A. The squad leader is the shooter on post 1, or in the farthest left position. It is the squad leader's responsibility to ensure that the squad is ready to shoot. As squad leader, do not assume that everyone is ready, ask "Squad ready?", after getting visual confirmation that the squad is ready to proceed, ask "Puller ready?", this ensures that the score keeper is ready and the system is powered on. Finally, direct the squad to attention and ask for a show bird by calling "Pull!". After the show bird, load your gun and call for your first target.
- B. It is acceptable and encouraged, for shooters to place a shell in the chamber, ensuring that they leave the action open after their previous shot, or when they first get to a new station. This helps the rhythm of the round and the flow of the squad. It will prevent your squad mates from having to wait on you while you load your shell. When it is your turn, all

PSC TRAP LEAGUE RULES

2023

you should have left to do is to close your action raise the gun to your face and call for your target.

- C. It is never acceptable to move stations with a loaded firearm. A loaded firearm is any firearm that has a live round in the chamber, whether or not the action is closed. Moving with a loaded firearm can result in removal from the range.
- D. When you close your action, make sure that you do not disrupt the shooter in front of you. If you have a semi-automatic or a pump, close your action either when they are shooting or after they have completed their shot, never before their shot is taken.
- E. Shooters should not be talking while on the station. Talking will distract other shooters and with voice automated calls you may inadvertently throw targets, disrupting the current shooters rhythm.
- F. Be ready to shoot when it's your turn. Don't rush, but don't dawdle either. Take your safety off before the round starts and leave it off until you're done. You will only annoy yourself and everyone else when you forget to take it off.
- G. You don't want your hulls to hit the ground or, worse, the person next to you. Hold your hand over the breech of a break action to catch the ejected hull and put it in your vest pocket. If you shoot a semiautomatic, use a shell catcher, or put a fairly stout rubber band around the receiver in front of the bolt handle to keep shells from ejecting.
- H. Remain on your post, standing facing the trap quietly, until the fifth man has fired and then move to the next post. Refrain from unnecessary movement during the round.
- I. When moving from station five to station one it is proper to rotate clockwise off the station, always keeping your firearm from pointing at your fellow shooters. Always rotate behind the line and other shooters.
- J. During the round, if and when you move from post 5 to post 1, make sure to look to the leader of your squad and give him an indication that you are ready. They may be waiting for you to be ready and set before continuing with their own shot.
- K. Wait till the end of the round to reach down and pick up empty shells from the ground. Movement from other shooters may distract someone who is lining up for their next shot.
- L. Spectators should not interfere with the squad on the line. If the current squad is behind the 16-yard line, do not make trips to the storage shed or refrigerators until the squad is

PSC TRAP LEAGUE RULES

2023

changing stations. Also, do not pass in front of the scorer during the round as this could cause confusion during scoring.

- M. After your final shot of the round, leave the action open and transport your firearm to the racks. Pump action and semi-automatics shall be kept open while in the racks, break action firearms can be closed within three feet of the racks for storage. When removing your firearm from the rack, open the action before leaving the area of the racks.
